

Introducing The New

# LOUVERMAX LINT CLEANER

Lint Cleaning System

## Get The MAX Out Of Your Cotton!

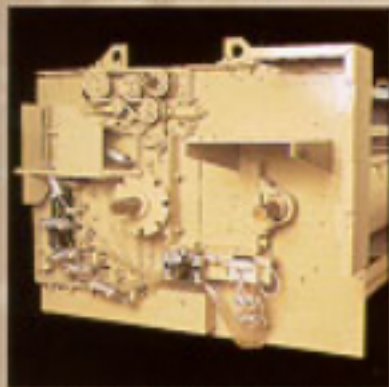

Manufactured  
and sold exclusively by  
Continental Eagle Corporation.  
US Patent Number 5,909,786

The LouverMax 24-D features 7 individually controlled louvers

The LouverMax Lint Cleaning System, Continental Eagle's newest ginnovation, is setting trends to increase bale yields by up to 12 pounds per bale. This exclusive cutting-edge technology also maintains cotton fiber integrity resulting in less fiber waste and better quality. Extensive research and development shows in many cases the overall cotton grade is improved for increased profit potential.

Only ginner's equipped with this value-added lint cleaning system can yield these maximized results!

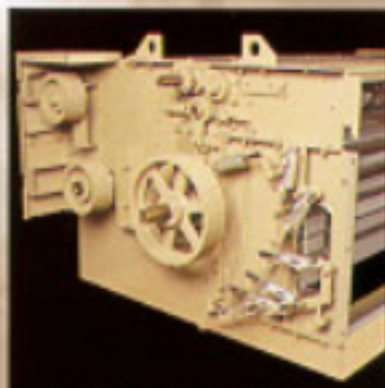

Lint cleaner technology is used to maximize quality control

LouverMax - the first of our new EagleMax Series and the number one pick of cotton producers worldwide. Contact us for the LouverMax equipped gin nearest you.

Touch screen quality control is as easy as 1, 2, 3: Automatically or manually activates each louver to suit your desired ginning results

LouverMax uses pneumatic pistons for less maintenance and ease of operation
